

# Dr. Amy Climer

## Stage Introduction

Please use the introduction below when introducing Amy Climer to the audience.

Let me begin with a few questions.

1. Do you wish you and your team were more creative?
2. Could you use some strategies to cultivate innovation at work?

If you answered yes to any of these questions, then you are in the right place! Our speaker today has helped thousands become more creative. Her clients have included the Mayo Clinic, Stanford University, and the U.S. Department of Homeland Security. She's a TEDx speaker, host of the Deliberate Creator podcast, and the creator of Climer Cards, a tool we will be using today.

When not working, she can be found building something in her woodshop or on a hike in the Appalachian Mountains.

Teaching us about deliberate creativity in teams, please join me in welcoming... speaker, consultant, and D.I.Y. addict - Dr. Amy Climer!

*\*Note: deliberate is often mispronounced. It's deliberate, not deliberative.*
